#587: So Far, So Good, Episode 312

Maybe he's not really under that car. Yeah, that's it. He's off to the far side and just raised it up so that he could look underneath from a safe spot beside it. I mean, that little front-end loader looks like it is holding on to the hatchback latch. That can't be right. And we have to assume he has some major-league chocks on the front wheels.

Somehow, I don't feel confident in making that assumption.
